6. Assessment and Interviews
- 7. Use of Slack**
8. Starting point for module

7. Use of Slack

- main channel for learning and support.
- Join the Slack channel soon. Link on the tutors page.

7.1 Decision Diagram

7.2 Troubleshooting Problems

- We encourage classmates to help each other (peer learning), if you know the answer to another student's issue, please do respond.
- All our responses will be via Slack so that all students can see the resolution.
- For private issues, use DM in Slack.

8.1 Where to start?

Once you have your tutors link from there you can get your

- Slack channel,
- Moodle link

This will allow you access to the course materials. Join Slack and get to be part of the community.
